

Moses Leaf Pile!

Rake up a pile of leaves and get ready having some telling the exodus story

When Moses was a baby, his mom floated him down the river to keep him safe

Drop a leaf and watch it float down

Moses was rescued by the princess

Drop the leaf a again and try to catch it

When Moses grew up he was a prince

Strut and stomp on the leaves proudly

Moses made a big mistake

Crumple a bunch of leaves

Moses ran away and became a shepherd

Gather leaves together like gathering sheep

God spoke to Moses in a burning bush

Grab handfuls of leaves and shakes them to look like flames

Moses went to ask the pharaoh to let God's people go

Hold up a handful of leaves

Pharaoh didn't like it, he said no no no no

Throw them to the ground and stomp on them

Moses asked again and again Pharaoh said no no no no

Now jump on them

God said ask one more time

Hold up a handful again

Pharaoh gave in and said ok go go go go

Kick leaves away

Moses leads His people away

Make loud marching sounds

Pharaoh changed his mind

Gather leaves back up into a pile

Moses and God's people we trapped by the sea

Try to hop over not landing on any leaves

God told Moses to hold up his hands and split the sea

Use your feet or arms to split the pile of leaves

God's people walked through to the promise land

Throw leaves up in the sky saying we're free free free free
