

Make Your Own Palm!

1 - Print out this Template for each kiddo

2 - Print on green paper OR have kiddos color the BACKSIDE with green marker, crayon, or paint

3 - Fold in half with template on the OUTSIDE

4 - For Preschool and younger kiddos: help them cut along the outer line

4 - For School Age kiddos: cut the outline first then cut out the dotted notches

4 - Optional: to make it more "leafy" cut further in than the dotted notches

5 - Attach a pipe cleaner, straw, or popsicle stick to the center, leaving at least 6" out for a handle

Yay! You have a palm!
